

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
A Lincoln	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys Pool Piping & Equipment	Improvements to selected, existing mechanical equipment to enhance cooling in the building. Replace piping and make selected repairs to the swimming pool.	
A Lincoln Total			\$5,001,000
Admin Building	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Automation Systems	Provide selected automatic control systems for the building mechanical systems.	
	Heat Exchangers	Replace the heat exchangers in the building mechanical system.	
	HVAC Inclusive	components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
Admin Building Total			\$2,989,000
All City Stadium Complex	New Building	Repair / Addition to baseball field press box.	
	Paving & Surfacing - Parking Lots	Pave the existing dirt lot. The scope includes re-grading contours to improve storm-water drainage, the installation of concrete curbs, gutters, walks, asphalt pavement, striping of pavement, and landscaping with irrigation.	
	Storm Sewer Inclusive	Install new storm drain system for selected areas.	
All City Stadium Complex Total			\$2,108,000
Amesse	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Amesse Total			\$1,045,000
Archuleta	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Archuleta Total			\$156,000
Asbury	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Asbury Total			\$1,590,000
Ash Grove	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Ash Grove	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Ash Grove Total			\$779,000
Ashley	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	HVAC Inclusive	Classroom technology devices	
	IT Equipment Inclusive	Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Ashley Total			\$1,678,000
Barnum	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Barnum Total			\$572,000
Barrett	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Hot Water Storage Tanks	piping.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Barrett Total			\$817,000
Beach Court	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Hot Water Storage Tanks	piping.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Beach Court Total			\$1,729,000
Blair	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
Blair Total			\$139,000
Bradley	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Bradley Total			\$799,000
Bromwell	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Bromwell	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	VCT	Install new resilient flooring in selected rooms.	
Bromwell Total			\$3,887,000
Brown	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Improvements to selected, existing mechanical equipment to enhance cooling in the building.		
Brown Total			\$1,862,000
Bryant Webster	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Stage Dimmers	Upgrade selected components of the performance lighting system.	
Bryant Webster Total			\$677,000
Byers	Building Remodel/Renovation Inclusive	900 Students / bldg + 13,000ft ² for gym / Existing Byers Site	
Byers Total			\$19,998,000
Carson	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Carson Total			\$246,000
Castro	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
Castro Total			\$230,000
CEC Middle College Denver	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
CEC Middle College Denver Total			\$1,440,000
Centennial	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
		Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	HVAC Inclusive	components.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Centennial	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	Roofing Inclusive	Wireless technology infrastructure to support classroom devices	
	VCT	Install new roofing in selected areas.	
Centennial Total			\$4,058,000
Cesar Chavez Academy	IT Equipment Inclusive	Classroom technology devices	
Cesar Chavez Academy Total			\$56,000
Cheltenham	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
IT Equipment Inclusive	Classroom technology devices		
Cheltenham Total			\$3,281,000
CLA	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
CLA Total			\$687,000
Cole	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	Other - Cooling Generating Sys	Wireless technology infrastructure to support classroom devices	
	Passenger Elevator Equipment	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
Cole Total			\$3,899,000
Cole Mitchell Campus	Building Remodel/Renovation Inclusive	350 Students / Cole & Mitchell Renovation / Existing Cole & Mitchell Campus (Mitchell relocation cost not included)	
Cole Mitchell Campus Total			\$4,200,000
Colfax	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
Colfax Total			\$164,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
College View	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
College View Total			\$180,000
Colorado Heights Camp	New Building	Site	
Colorado Heights Campus Total			\$13,799,000
Colorado High School	IT Equipment Inclusive	Classroom technology devices	
Colorado High School Total			\$19,000
Columbian	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	HVAC Inclusive	components.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
Columbian Total			\$749,000
Columbine	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act. - New Elevator	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Columbine Total			\$1,367,000
Community Challenge	IT Equipment Inclusive	Classroom technology devices	
Community Challenge Total			\$27,000
Cory	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Hot Water Storage Tanks	pipng.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Cory Total			\$1,332,000
Cottages / New Facility	New Building	Cottages / New Facility for ECE	
Cottages / New Facility for ECE Needs W/NW Denver Total			\$4,510,000
Cowell	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Cowell Total			\$714,000
Crofton	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	150 Students / 8,000ft ² / Existing Crofton Site	
	Hot Water Storage Tanks	pipng.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Crofton	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Crofton Total			\$4,684,000
DCIS	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
DCIS Total			\$1,656,000
Del Pueblo	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
Del Pueblo Total			\$786,000
Denison	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Hot Water Storage Tanks	pipng.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Denison Total			\$879,000
Dennis DSST HS NE at	IT Equipment Inclusive	Classroom technology devices	
Dennis DSST HS NE at Total			\$35,000
Dennis DSST MS NE at	IT Equipment Inclusive	Classroom technology devices	
Dennis DSST MS NE at Total			\$52,000
Dennis SOAR at	IT Equipment Inclusive	Classroom technology devices	
Dennis SOAR at Total			\$47,000
Dennis Vista Academy at	IT Equipment Inclusive	Classroom technology devices	
Dennis Vista Academy at Total			\$44,000
Denver School of the Arts	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Denver School of the Arts Total			\$1,115,000
District Wide	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with DPS science rooms across the district.	
District Wide Total			\$5,774,000
District Wide - Cottages	New Building	ES Cottages	
District Wide - Cottages for small ES capacity Total			\$11,172,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
District Wide - Expansion	New Building	Early education capacity at various locations	
District Wide - Expansion cottages for early education needs across the district Total			\$7,201,000
District Wide - Shared Campus	Building Remodel/Renovation Inclusive	Renovations/Shared Campuses New School funds TBD as part of annual district assessment of needs	
District Wide - Shared Campus Renovation Total			\$13,500,000
District Wide K-5 capacity	New Building	150 Student Cottage / On Existing Sites	
District Wide K-5 capacity to address Lowry growth Total			\$2,000,000
District-Wide	IT Equipment Inclusive	Build Employee Intranet Classroom technology devices Enterprise Infrastructure Refresh HR Infrastructure Interactive Parent Tools Principal Effectiveness System Talent Acquisition Teacher Effectiveness System Enhancements Tririga - additional phases Integrated Safety & Security Upgrades IT Infrastructure	
District-Wide Total			\$23,769,000
DoTS	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	HVAC Inclusive	components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
DoTS Total			\$1,548,000
Doull	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Quarry Tile	Install quarry tile flooring in selected rooms.	
Doull Total			\$656,000
DSST - Stapleton HS	IT Equipment Inclusive	Classroom technology devices	
DSST - Stapleton HS Total			\$63,000
DSST - Stapleton MS	IT Equipment Inclusive	Classroom technology devices	
DSST - Stapleton MS Total			\$54,000
Dunkirk ECE-5	New Building	650 Students / 67,396ft ² / 10AC	
Dunkirk ECE-5 Total			\$17,999,000
Eagleton	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Eagleton Total			\$1,964,000
East	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
East	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Dust & Fume Collectors	Improvements to the art room kiln exhaust. Improvements to the science lab fume hoods.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
East Total			\$4,127,000
Ebert (Polaris at)	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Hot Water Storage Tanks	pipng.	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Ebert (Polaris at) Total			\$1,115,000
Edison	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Equipment Inclusive	Upgrade art room kiln.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Edison Total			\$1,358,000
Ellis	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Ellis Total			\$848,000
Emily Griffith K R M A	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Hot Water Heater	Replace the domestic hot water heater.	
	Metal Roofing	Replace selected metal roof assemblies.	
Emily Griffith K R M A Total			\$278,000
Emily Griffith Shops	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	Metal Roofing	Replace selected metal roof assemblies.	
	Univents	Clean and refurbish selected unit ventilators.	
Emily Griffith Shops Total			\$1,392,000
Emily Griffith Tech	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Automation Systems	Provide selected automatic control systems for the building mechanical systems.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Energy Controls & Instrumentation Inclusive	Replace selected control systems for the building mechanical systems.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	General Lighting Interior	Replace selected interior lighting fixtures.	
	Heat Exchangers	Replace the heat exchangers in the building mechanical system.	
	HVAC Inclusive	components.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Emily Griffith Tech	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	New Building	Funding for EGTC to allow for the replacement of the Current EGTC site	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
	Piping - Sanitary Sewer	drain.	
Emily Griffith Tech Total			\$24,860,000
Escalante-Biggs Academ	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Escalante-Biggs Academy Total			\$31,000
Escuela Tlatelolco	IT Equipment Inclusive	Classroom technology devices	
Escuela Tlatelolco Total			\$14,000
Evie Dennis Campus	New Building	500 Students / 75,000ft ² / New modified core and one academy building on site TBD	
Evie Dennis Campus Total			\$21,200,000
Fairmont	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Fairmont Total			\$1,716,000
Fairview	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
	Shingle Roofing	Install new roofing in selected areas.	
Fairview Total			\$2,075,000
Fallis	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Fallis Total		
Florence Crittenton	IT Equipment Inclusive	Classroom technology devices	
Florence Crittenton Total			\$20,000
Florence Crittenton TPE	New Building	To Be Determined	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Florence Crittenton TPEN Total			\$6,004,000
Force	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act. - New Elevator	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Force Total			\$872,000
Ford	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Ford Total			\$267,000
Garden Place	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Shingle Roofing	Install new roofing in selected areas.		
Garden Place Total			\$2,148,000
GED High School	IT Equipment Inclusive	Classroom technology devices	
GED High School Total			\$3,000
Gilliam School	IT Equipment Inclusive	Classroom technology devices	
Gilliam School Total			\$4,000
Gilpin	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Gilpin Total			\$418,000
Girls Athletic Leadership	IT Equipment Inclusive	Classroom technology devices	
Girls Athletic Leadership School Total			\$23,000
Godsman	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Godsman Total			\$562,000
Goldrick	Building Code Issues Inclusive	Correct selected building code deficiencies.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Goldrick	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Goldrick Total			\$316,000
Grant	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	Other - Cooling Generating Sys	Wireless technology infrastructure to support classroom devices Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Grant Total			\$3,204,000
Grant Ranch	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Grant Ranch Total			\$403,000
Green Valley	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Green Valley Total			\$626,000
Greenlee	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Greenlee Total			\$588,000
Greenwood	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Greenwood Total			\$633,000
Gust	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Gust Total			\$735,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Hallett	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Hallett Total			\$725,000
Hamilton	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.		
Hamilton Total			\$2,116,000
Hampden Heights	New Building	500 Students / 63,000ft ² / 11AC	
Hampden Heights Total			\$21,305,000
Harrington	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
Harrington Total			\$581,000
Henry	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
Henry Total			\$883,000
Highline Academy	IT Equipment Inclusive	Classroom technology devices	
Highline Academy Total			\$62,000
Hill	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Hill Total			\$3,162,000
Hilltop Bus Garage	HVAC Inclusive	components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Hilltop Bus Garage	Overhead Doors	Replace the overhead doors.	
Hilltop Bus Garage Total			\$364,000
Hilltop Bus Terminal	Building Code Issues Inclusive	Correct selected building code deficiencies.	
Hilltop Bus Terminal Total			\$156,000
Hilltop Service Center	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Hilltop Service Center Total			\$1,563,000
Hilltop Srvc Cntr Tech	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
Hilltop Srvc Cntr Tech Total			\$482,000
Hilltop Trans Train Bldg	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
Hilltop Trans Train Bldg Total			\$30,000
Hilltop Transportation	Building Code Issues Inclusive	Correct selected building code deficiencies.	
Hilltop Transportation Total			\$447,000
Holm	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Holm Total			\$980,000
Howell	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Howell Total			\$163,000
Jefferson	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Athletic Equipment Inclusive	Replace selected athletic equipment.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.	
Jefferson Total			\$4,685,000
Johnson	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act. - New Elevator	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Johnson Total			\$978,000
Justice High	IT Equipment Inclusive	Classroom technology devices	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Justice High Total			\$13,000
Kaiser	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Quarry Tile	Install quarry tile flooring in selected rooms.	
Kaiser Total			\$2,510,000
Kennedy	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Equipment Inclusive	Upgrade art room kiln.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Kennedy Total			\$7,685,000
Kepner	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Kepner Total			\$2,536,000
Kepner ECE Center	New Building	350 Students / 22,825ft ² / Existing Kepner Site	
Kepner ECE Center Total			\$6,293,000
King	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Theater & Stage Equipment	Replace selected theatrical and performance systems.	
King Total			\$940,000
KIPP Sunshine Peak	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
KIPP Sunshine Peak Total			\$235,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Knapp	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Knapp Total			\$1,419,000
Knight	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Knight Total			\$495,000
Kunsmiller	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Kunsmiller Total			\$3,157,000
Lake	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Lake Total			\$3,795,000
Lincoln	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Lincoln Total			\$680,000
Lowry	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Lowry Total			\$125,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Mann	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Stage Dimmers	Upgrade selected components of the performance lighting system.	
Mann Total			\$1,482,000
Manual	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	HVAC Inclusive	components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.	
Manual Total			\$5,276,000
Marrama	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
Marrama Total			\$163,000
Maxwell	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
Maxwell Total			\$127,000
McGlone	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
McGlone Total			\$944,000
McKinley-Thatcher	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
McKinley-Thatcher Total			\$146,000
McMeen	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
McMeen Total			\$412,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Merrill	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Merrill Total			\$1,302,000
Mitchell	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	IT Equipment Inclusive	Classroom technology devices Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Other - Cooling Generating Sys		
Mitchell Total			\$990,000
Montbello	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.	
Montbello Total			\$4,339,000
Montclair	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Montclair Total		
Moore	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
	Moore Total		
Morey	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs. - Potential service upgrade needed	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Morey	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Morey Total			\$3,092,000
Munroe	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Munroe Total			\$749,000
MYEC/Zuni	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
MYEC/Zuni Total			\$216,000
Newlon	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Newlon Total			\$463,000
Noel	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Theater & Stage Equipment	Replace selected theatrical and performance systems.	
Noel Total			\$439,000
North	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.	
	Theater & Stage Equipment	Replace selected theatrical and performance systems.	
North Total			\$2,675,000
Northeast Academy	IT Equipment Inclusive	Classroom technology devices	
Northeast Academy Total			\$31,000
Northeast Terminal	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
Northeast Terminal Total			\$137,000
Northfield 6-12 Campus	New Building	900 Students / 147,450ft ² / 20AC + 20AC CCoD	
Northfield 6-12 Campus - Phase 1 Total			\$38,498,000
Oakland	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
Oakland Total			\$87,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Palmer	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Palmer Total			\$636,000
Park Hill	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Park Hill Total			\$1,124,000
Philips	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Other - Cooling Generating Sys		
Philips Total			\$408,000
Pioneer Charter	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Other - Cooling Generating Sys		
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Pioneer Charter Total			\$1,474,000
Place	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
		Re-design and re-construct the parking lots, driveways and roadways to improve the traffic circulation and site safety.	
	Paving & Surfacing - Roadways		
Place Total			\$1,926,000
Prep Academy Expulsion	IT Equipment Inclusive	Classroom technology devices	
Prep Academy Expulsion Total			\$1,000
PREP Center	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Other - Cooling Generating Sys		
PREP Center Total			\$645,000

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Randolph	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Randolph Total			\$388,000
Remington	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Remington Total			\$1,184,000
Ridge View Academy	IT Equipment Inclusive	Classroom technology devices	
Ridge View Academy Total			\$33,000
Rishel	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Rishel Total			\$3,709,000
Roberts	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Roberts Total			\$363,000
Rocky Mountain Prep	IT Equipment Inclusive	Classroom technology devices	
Rocky Mountain Prep Total			\$15,000
Sabin	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Sabin Total			\$421,000
Samuels	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Samuels Total			\$3,260,000
Sandoval	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Sandoval Total			\$89,000
Schenck (CMS)	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Schenck (CMS)	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Schenck (CMS) Total			\$1,656,000
Schmitt	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Schmitt Total			\$897,000
SIMS-Fayola International	IT Equipment Inclusive	Classroom technology devices	
SIMS-Fayola International Academy HS Total			\$16,000
SIMS-Fayola International	IT Equipment Inclusive	Classroom technology devices	
SIMS-Fayola International Academy MS Total			\$13,000
Skinner	Air Conditioning System Inclusive	Provide an air conditioning system for selected rooms. - Add air conditioning - 15 ton computer room unit. - Integrated into DoTS7 record as part of the electrical upgrades	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Electrical Switchgear	Upgrade selected components in the existing electrical system to increase capacity to the building.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Skinner Total			\$3,785,000
Slavens	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
		Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Slavens Total			\$1,197,000
Slavens Phase 2	Building Addition Inclusive	175 Students / 14,122ft ² / Existing Slavens Site Addition	
Slavens Phase 2 Total			\$3,409,000
Smedley	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Smedley	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Smedley Total			\$739,000
Smiley	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
	Sinks	Install new sinks in selected art classrooms.	
Smiley Total			\$2,046,000
Smith	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Smith Total			\$352,000
South	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms. Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	EPDM / PVC / Single ply Roofing	Replace selected single-ply roof membranes.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Passenger Elevator Equipment	Replace the hydraulic elevator shaft with a double bottom cylinder for code compliance.	
South Total			\$3,887,000
Southmoor	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	VCT	Install new resilient flooring in selected rooms.	
Southmoor Total			\$1,639,000
Steck	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
Steck Total			\$296,000
Stedman	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Stedman Total			\$415,000
Steele	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Steele Total			\$1,261,000
STRIVE Prep - Federal	IT Equipment Inclusive	Classroom technology devices	
STRIVE Prep - Federal Campus Total			\$40,000
STRIVE Prep - SMART	IT Equipment Inclusive	Classroom technology devices	
STRIVE Prep - SMART Total			\$18,000
Swansea	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Swansea Total			\$1,948,000
Swigert-McAuliffe	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Swigert-McAuliffe Total			\$116,000
Teller	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Teller Total			\$301,000
Traylor	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Sinks	Install new sinks in selected art classrooms.	
Traylor Total			\$420,000
University Park	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
University Park	IT Equipment Inclusive	Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
University Park Total			\$1,416,000
Valdez	Air Distribution Systems	Remove deteriorating fiberglass insulation lining air supply and return air ducts.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Valdez Total			\$6,283,000
Valverde	Branch Wiring Devices	Provide additional electrical outlets in selected classrooms to support current and future technology needs.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Potable Water Distribution & Storage - Domestic Meter	Replace the potable hot and cold water piping system throughout the building.	
Valverde Total			\$1,141,000
Waller	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Waller Total			\$207,000
Washington	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
	Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.	
	Sinks	Install new sinks in selected art classrooms.	
Wood Flooring	Repair and refinish the wood flooring in selected areas.		
Washington Total			\$7,992,000
West	ADA-Related Improvements	Eliminate selected architectural barriers to enhance accessibility for individuals needing accommodations required by the Americans with Disabilities Act.	
	Athletic Lockers	Replace the lockers in selected locker rooms and may include replacement of locker room benches.	

DPS Proposed 2012 GOB

Bldg Name	Scope	Detail	Estimated Cost
West	Boiler Room Pumps and Piping	Replace pumps and associated piping within the boiler room.	
	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Built-up Roofing	Replacement of selected built-up tar and gravel roofs.	
	Chalkboards/Whiteboards/Tackboards	Replace chalk boards, marker boards and tack boards.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Fire Sprinkler Inclusive	Provide new fire sprinkler system.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Pool Piping & Equipment	Replace piping and make selected repairs to the swimming pool.		
Theater & Stage Equipment	Replace selected theatrical and performance systems.		
West Total			\$13,989,000
Westerly Creek	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Westerly Creek Total			\$256,000
Whiteman	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	100 Students / 5,800ft ² / 4 Classroom with resource area addition	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices	
	Other - Cooling Generating Sys	Improvements to selected, existing mechanical equipment to enhance cooling in the building.	
Whiteman Total			\$2,439,000
Whittier	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
	IT Equipment Inclusive	Classroom technology devices Wireless technology infrastructure to support classroom devices	
Whittier Total			\$463,000
Wyman	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Correct various safety issues associated with science rooms.	
	HVAC Inclusive	components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
IT Equipment Inclusive	Classroom technology devices		
Wyman Total			\$1,174,000
Yuma Street	Building Code Issues Inclusive	Correct selected building code deficiencies.	
	Building Remodel/Renovation Inclusive	Fully remodel selected areas within the facility.	
	Fire Alarm and Detection Systems	Provide selected new fire alarm and detection system components.	
	Information Technology-related Air Cooling System	Replace the air conditioning system in the telecommunications equipment room.	
Yuma Street Total			\$635,000
