Innovative Classroom Upgrades

Innovative Classroom Upgrades

Provide funding to make flexible, school driven, high-impact investments that would support upgrades to a broader set of schools and increase community engagement

Who Is Eligible and What Could This Mean for Schools?

- All schools built before 2006 except those which receive 'Focused Classroom Investments'
- Approximately 85% of all schools are receiving an Innovative Classroom Upgrade or Focused Investment
- Schools receive upgrades at a ratio of 1:50 students
- School communities will have flexibility to create scope with a DPS Project Manager facilitating the work. Possible investments including furniture, paint, flooring, upgrades to play areas, upgrades to library, STEM labs, etc
