

Construction Advisory

DCIS

Construction Update #4 – August 2, 2017

Completion: December 2017

August, 2017 (general scope):

1. Replace horizontal unit ventilators in some classrooms with vertical DX unit ventilators
2. Install destratification fans in rooms that do not receive the updated vertical DX unit ventilators
3. Upgrade the electrical infrastructure to support the additional loads
 1. Work in unoccupied spaces begins in May
4. Some limited asbestos abatement will be required

Commissioning will most likely extend into September, no impact to regular operations.

Construction Scope (use language from project sign)

Mechanical Upgrades
